## EXPLANATORY PREFACE

This Register contains the names of all the Public and Separate Schools of the Province of Ontario with certain information regarding each school, including the name and address of each secretary, and also the name, address, salary and grade of certificate of each teacher employed therein for the school term ending December, 1919.

For convenience this information has been divided into four parts, as follows:

- Part I—The Public Schools of the City Inspectorates, Pages 4 to 39.
- Part II—The Public Schools of the County Inspectorates, Pages 42 to 324.
- Part III—The Public Schools of the District Inspectorates, Pages 325 to 374.
- Part IV—The Roman Catholic Separate Schools, Pages 375 to 425.

The Inspectorates have been arranged alphabetically in Part I and II, and numerically in Parts III and IV. An index of the names of the Inspectors has been provided on pages 427 and 428. A list of the principals of Continuation Schools who are also principals of the Public Schools at the same centres, is to be found on page 429. A summary of the numbers of teachers holding the several grades of certificates has been placed at the head of each Inspectorate and a general summary for the Province on page 426. The number of schools in each Inspectorate is also indicated in each heading, except in Part I, where it is indicated at the end. In each Inspectorate in Parts II, III, and IV the Rural Schools are placed first, followed by the schools of the Urban Municipalities.

The compilation of this information has been undertaken primarily in the hope that it may assist in supplying all the schools of the Province with the best teachers available. It should be noted, however, that the statistics contained herein have been compiled, not from the Departmental Registers, but from Special Reports by the Inspectors concerned. Frequent changes in the schools render absolute accuracy in the list of teachers impossible.

Part I—The Public Schools of the City Inspectorates, pages 4 to 44.

Part II—The Public Schools of the County Inspectorates, pages 46 to 348.

Part III—The Public Schools of the District Inspectorates, pages 349 to 404.

Part IV—The Roman Catholic Separate Schools, pages 405 to 467.

Part V—The Secondary and the Professional Training Schools, pages 471-534.

The Inspectorates have been arranged alphabetically in Parts I and II, and numerically in Parts III and IV. An index of the names of the Inspectors has been provided on pages 469 and 470. A summary of the numbers of teachers holding the several grades of certificates has been placed at the head of each Public and Separate School Inspectorate and a general summary for the Province on page 468. The number of schools in each Inspectorate is also indicated in each heading, except in Part I, where it is indicated at the end. In each Inspectorate in Parts II, III, and IV, the Rural Schools are placed first, followed by the schools of the Urban Municipalities. In the case of Part V, the information given is that heretofore published in the Minister's Annual Report.

The compilation of this information has been undertaken primarily in the hope that it may assist in supplying all the schools of the Province with the best teachers available. It should be noted, however, that the statistics contained herein have been compiled, not from the Departmental Registers, but from Special Reports by the Inspectors or Principals concerned. Frequent changes in the schools render absolute accuracy in the list of teachers impossible.
